

# AUSTRALIAN Handyman

We show you how!

In the July/August 2008 issue of *Handyman*, we showed you how to build a children's play box. Here are the tools and materials you'll need for the job.

## Foldout play box

### TOOL LIST

- Steel rule
- Combination square
- Drill
- Drill bits, 3 and 10mm
- Countersinking bit
- Phillips head drive bit
- Circular saw or tablesaw
- Jigsaw
- Clamps
